INTRODUCTION

As a Senior Software Engineer, Full Stack Web Developer and Project Manager with 6+ years of experience, I can help your software company deliver high-quality, scalable, and user-focused solutions. My expertise across both front-end and back-end technologies allows me to contribute at every stage of development, from architecture design to deployment. Beyond coding, I bring proven project management skills—ensuring clear communication, effective teamwork, and on-time delivery of complex projects. I specialize in bridging the gap between technical execution and business goals, helping your company reduce development bottlenecks, optimize processes, and accelerate product growth. By combining technical depth with leadership and problem-solving, I can strengthen your team's ability to deliver impactful software that exceeds client expectations.

SKILLS

Technical Skills

- + **Frontend Development:** React.js, React Router v7, Tailwind CSS, Responsive Web Design, UI/UX Implementation
- + **Backend Development:** Laravel, Python, FastAPI, Django, RESTful APIs, Authentication & Authorization, NodeJS, ExpressJS, NestJS
- + **Databases:** Database Design & Planning, SQL (MySQL, PostgreSQL), NoSQL (MongoDB, Redis), Query Optimization
- + **Cloud & DevOps:** AWS (EC2, Lambda, RDS, S3, CloudFront), CI/CD Pipelines, Docker, Nginx, Web Hosting & Deployment
- + **AI & Emerging Tech:** LangChain, API Integrations, Automation Workflows
- + **Version Control & Collaboration:** Git, GitHub, Branching Strategies, Code Review Best Practices

Project & Team Skills

- + Project Management & Agile Methodologies
- + Project Planning, Roadmapping, and Requirement Analysis
- + Team Leadership, Mentoring, and Delegation

- + Providing and Receiving Creative/Constructive Feedback
- + Cross-functional Collaboration with Designers, Developers, and Stakeholders

Additional Competencies

- + Problem-Solving & Debugging Strategies
- + Performance Optimization (Frontend & Backend)
- + Security Best Practices (OWASP, Data Protection, Access Control)
- + Documentation & Knowledge Sharing
- + Continuous Learning & Adapting to New Technologies

PROJECTS

1. Cool Text

A bulk SMS communication platform that allows businesses to send messages to thousands of customers and track responses. It features a chat-style interface to view conversations, distinguishing between replied and unreplied customers.

Tech Stack: Node.js, Express, TypeScript, JavaScript, Pug, Bootstrap.

2. Chettrum

A crypto request and support platform where users can sign up, request cryptocurrency, and chat directly with the admin. The admin panel enables reviewing user requests and responding to support queries efficiently.

Tech Stack: Laravel, Blade, Bootstrap.

3. Dyom

An eCommerce website enabling product management and order tracking. Admins can add new products and monitor customer orders, offering a simple yet functional online shopping experience.

Tech Stack: Core PHP, Bootstrap.

4. AI Chatbot

An intelligent chatbot application where users can upload custom data, and the system generates relevant responses to user queries. Designed with a modern frontend and scalable backend for smooth interactions.

Tech Stack: Python (backend), React, Tailwind CSS.

EXPERIENCE

Cyberify, Multan - *Delivery Manager*

January 2024 - PRESENT

- Planned and Developed web based applications with integrated AI components.

-
- Managed the team of 10+ developers.
 - Deployed several applications.

Fiesta Consultants, Multan - *Web Developer*

March 2023 - October 2023

- Developed websites, and web based apps.

Independent Web Developer

2019 - 2023

- Learned Web Development, Programming Languages, and made several practice projects.

EDUCATION

Virtual University Of Pakistan - *BS (Information Technology)*

2021 - 2025

I have learned programming, databases, networking, web technologies, software development, and problem-solving skills during my BS (Information Technology) at Virtual University of Pakistan, which has equipped me with a solid foundation in modern IT practices.

LANGUAGES

- + English (Fluent)
- + Urdu (Fluent)
